

# CASCO REC OFFERS

## Olympic Madness

Get ready for the Mad Science Physics Olympics 2016! In this interactive show we will explore the FUN-damentals of the science of sports! We will start off the show by lighting the Mad Science Olympic torch with a spectacular combustion reaction and make colored flames that show our national pride. Test out your strength and discover the wonders of air pressure in a Tug-of-War challenge. Learn about the science of cycling with a gyroscope that will make your head spin! Explore energy transformation in soccer and tennis. Become a gymnast as we perform an experiment about the center of gravity. This show is guaranteed to get kids excited to get active!

## Hackers Hill Kite Day

**August 25**--Kite Day at Hacker's Hill in Casco. Come along for a fun day of kite making and flying at Hacker's Hill! Loon Echo, the Casco Recreation Department, and kite specialist John Martin will be on hand to help kids build, decorate and fly their own kites! Meet at the top of Hacker's Hill at 10:00 AM. This event is free to Casco residents (\$5 for non-Casco residents). *Pre-registration required* at [recreation@cascomaine.org](mailto:recreation@cascomaine.org) or 207-627-4187. Please park in the "Event Parking" area to the right of the summit. (Rain date August
